RE: China Export-Import Bank Environmental Policy

Chairman Li,

It was a great pleasure to attend your keynote address at the US Export-Import Bank Annual Meeting in Washington DC. I am especially grateful to have met you afterward for a short discussion concerning the China Export-Import Bank's Environment Policy. It was gratifying to hear that we have a mutual interest in environmental protection.

Thank you also for agreeing to provide me with a copy of your Bank's Environmental Policy for public use. This will be quite helpful for the advancement of public understanding and dialogue among parties that are interested in field of international environmental protection. Pacific Environment is happy to collaborate in any way we can to support you in these efforts.

I can receive the Environmental Policy at the following addresses:
